Roland

JD-08
FAUNA

Installation guide: Roland JD-08 Fauna Sound Pack

Before transferring sound sets to your synth, please backup your patches! In order to transfer the Roland JD-08 presets you'll only need to copy the sysex-files to the internal drive of your JD-08.

1. Connect the JD-08 to a Mac or PC via USB and start the unit in "drive mode" by pressing and holding the EXIT button.
2. Open the JD-08 drive on your computer and make sure to backup your existing library first as the next steps will erase your patches.
3. Delete the Backup folder
4. Inside the downloaded sound pack folder, you'll find a folder named „backup". Copy the patches included in the JD-08 backup folder into the "RESTORE" folder located in the "JD-08" drive. If the „RESTORE" folder doesn't appear in the JD-08 drive, you have to manually create one.
5. After copying is completed, disconnect your JD-08 safely via "eject"
6. Now, press the PAGE / TIE button on the JD-08 (lower right corner). The restore operation begins, and the [PAGE/TIE] button blinks. "donE" is displayed once the restore operation is finished.
7. Turn off the power and reboot your unit. The patches can be found in Bank D.
8. Enjoy the patches and make some great music.

Trouble Shooting

In case something went wrong, please try this:

1. Use a direct USB connection instead of a USB HUB
2. Try a different USB cable
3. Make sure you have the latest JD-08 firmware version
4. If you don't see a „Restore"-Folder, just create a new one.

License Conditions - Limbic Bits Sound Packs and Samples

Please read the following agreement before using these Sound Sets. All Sounds and Samples herein are licensed, not sold to you (collectively, „Licensee"), by Limbic Bits. The original manufacturer of the sounds (collectively, "Licensor") will always remain the owner of the sounds. All rights not expressly granted herein are reserved exclusively by Licensor. We may, at our discretion, make changes to these Conditions at any time. Any changes will be posted on this page. In some instances, we may send an email to registered users notifying them of a change to the Conditions. You should, however, check this page from time to time to take notice of any changes.

1. The Licensee may use the Sounds in combination with other sounds in music productions (which include soundtracks of films, video productions, radio/TV programs or commercials, computer games and multimedia presentations, library music), public performances, and other reasonable musical purposes within musical compositions.

2. The licensee may modify the Sounds and may use the Sounds for commercial purposes as part of a musical composition with other Sounds.

3. The Licensee MAY NOT use the Sounds in isolation within any competitive product that is sold, redistributed or relicensed to third parties. That includes i.e. sound effects, sampled sound libraries or loops based on our Presets or Sample Banks.

4. A right to use the sounds is granted only to the Licensee and is NOT transferable.

5. This license expressly forbids resale, rental, gift, relicensing or other distribution of the Sounds, either as they exist or any modification thereof. Samples or sampled Sounds based on our Presets may not be included, whether unmodified or as part of a derivative work, in any sample library or virtual instrument product. You are not allowed to sell, loan, rent, lease, assign, upload to or download from any server, or transfer all or any of the enclosed sounds to another user, or for use in any competitive product.

6. This license is granted for a single user only (and is given on a worldwide basis). The license is non-exclusive and is granted for the full period of copyright protection and sound samples. Opening or using this product constitutes your acceptance of these terms.

7. Licensor will not be responsible if the sounds does not fit the particular purpose of the Licensee.

Thank you for your agreement to and understanding of these Conditions which are designed to protect the artists and content creators so we can continue bringing you great sounds.
